When school starts in September we will have enough textbooks for every student. Since one of your summer assignments is directly out of the textbook. One of the folders above has chapters 2, 3, 4, and 5 as pdfs so that you can still do the summer assignment if you were not able to check out a textbook. Have a wonderful summer! Mrs. Miyamoto

AP Biology Summer Assignment 2013

I know what you are thinking....why a summer assignment? AP Biology is a vigorous, yet manageable and rewarding class. In order to meet the demands of the curriculum it is necessary for you to complete some work before you come back in July. Since the Environment has become such a highly talked about subject, your

AP Biology Summer Assignment 2012-2013

Your summer assignment is to prepare for a test on chapters 3, 4,3, and 5 of Campbell's Biology (7th edition). These chapters cover the some of the biology you studied as a freshman, as well as some chemistry from junior year. By reviewing this over the summer, we gain valuable class time needed to prepare for the AP test in May.

Bolen, Robert / 2013-14 SUMMER ASSIGNMENT

The spider's reaction and movement away from the stimulus is known as taxis. Taxis is directed movement away or toward a stimulus. It can, but isn't always used for larger animals since it is a term mainly for microorganisms and bacteria. Another example of animal taxis is the reaction of a bird if you get too close.
