Nature journals are as personal as each of us...unique and individual. There is no right or wrong way to keep a nature journal. The most important aspect of journaling is to keep a personal account of your experiences outdoors whether you sketch or write about it.

Journals - Handbook of Nature Study

Clinical Journals. Journaling has a critical role to play as you move through your clinical experiences. Journaling provides opportunities for you to reflect; it is not a repository for minute-to-minute recording of incidents. Further, journaling promotes your ability to reflect on your experiences in and out of the P - 12 classroom, and to share your impressions of the events in which you engage with faculty who are entrusted with your guidance and supervision.
