The book has been reviewed by Apple for technological accuracy and brandishes the Apple Development Connection (ADC) logo.

Learning Unix for Mac OS X, 2nd Edition - O'Reilly Media
This book is an EXCELLENT book for a beginner, or someone just starting out w Apple's Unix shell. You should know that it is a light Unix book, it gives you an overview of some commands, and says good luck. If you have ANY experience with Unix at all... you will NOT be satisfied with the depth of information in this book.
