PIAA Corporation was established in 1963 with the commitment to manufacture world-class driving lights that our customers could use with pride and confidence. Today, PIAA upholds that commitment by combining market driven concepts with the latest technology to make night, inclement weather, and off-road driving as safe as possible.

### **PIAA Corporation | LED Lights - Driving Lights | Fog Lights**

Driving lights and fog lights came about as car owners navigated the twisting turning by-ways of misty England. Powerful lighting was necessary to illuminate the road ahead for potential hazards to be successfully identified and avoided. In addition, foggy and wet conditions caused by road spray obliterated the edges of poorly crowned roads.
